This pack can be used at the end of 2nd grade, during the summer before 3rd grade, or at the beginning of 3rd grade as a review. Choose which pages you want your students to use, copy front/back, and staple together! My plan is to do part of it at the end of the year, and then make a booklet to send home over the summer with the pages we didn't use at school! That way my kiddos will know the expectations. Put a pair of sunglasses, a cool pencil, or a bookmark with the summer booklet to make it like a gift ☺
