Dalton Herndon
Linda Rankin

Absent

Andy Easley
Jim Buyuk

Call to order by Dr. Linda Rankin at 4:00p.m.

Public Forum

None

Discuss new Emergency Operations Plan as well and the new required annexes and appendices.

Dr. Rankin spoke about the operations plan and went over different areas of the plan. She spoke about the level of threat of each of the areas specified on the plan. She said they felt that pipeline disaster would be minimal because we do not have any lines going through our property but there are some in the area. She stated that we really have no threat of hurricane, train derailment, and chemical plant release. The other areas we do have a threat, with the highest being active shooter. The committee agreed to the levels that have been determined. Colt stated that he had his SWAT team look over the document as well. Dr. Rankin explained to him that much of the verbiage is a template derived from TEA.

Brandon Darrow made a motion to accept the Safety Operations Plan as written

Colt Paterson seconded the motion

All members were in favor of the motion

Executive session if needed

None needed

Adjourned at 4:18p.m.
